

Dear Supporter,

Thank you so much for your enquiry to make a sponsored parachute jump in support of Phyllis Tuckwell Hospice. Everything you need is enclosed in this pack including your reservation form and sponsorship forms; we've tried to make everything as easy as possible for you to take part.

The Phyllis Tuckwell Hospice is a registered charity which offers Specialist Palliative Care to those facing the end of their lives and to those who love and care for them, serving a population of 600,000 across West Surrey and North East Hampshire. Just under 16% of our funding comes from the NHS, which is less than half the national average. This means we have to fundraise 84p in every pound the Hospice needs. For that reason, we rely heavily on the support and generosity of the local community.

As you will see from the enclosed literature, there are three different types of parachute jumps for you to choose from. We ask you to raise a minimum amount of sponsorship money in order for you to jump for free (from £360 depending on the type of jump you choose) and in turn we will receive an average donation of £140. In addition to this, every extra pound that you raise over the minimum comes straight to the charity, so please try to raise as much as you possibly can!

The enclosed information has been written by professional events organisers Skyline who receive a flat rate per jumper for organising the jumps for us. Skyline specialise in organising fundraising events for charities so if you have any questions please ring them directly as they are in the best position to answer your questions - you can contact them on 0870 345 8000.

In 2009, Phyllis Tuckwell Hospice will be celebrating its 30th anniversary of providing Specialist Palliative Care to our local community. We sincerely hope that after you have read through this information pack you will decide to help mark this milestone and give it a go, please let us know your decision. We are in desperate need of funds in order to continue our work and don't forget, all you have to do is raise the minimum amount of sponsorship and you will get to jump for free! Good luck with raising your sponsorship - if you would like any further resources such as t-shirts, balloons or any advice then please don't hesitate to contact me at the Hospice.

I look forward to hearing from you soon.

Yours sincerely,

Chloe Edwards
Events and Fundraising Assistant

10,000 ft Freefall Parachute Jump!

What's it like?

Imagine standing at the edge of an open doorway in an aircraft flying at 10,000 feet - the noise of the engines and the wind ringing in your ears with only the outline of distant fields below. Now imagine leaning forward out of that doorway and letting go - falling forward into the clouds, diving down through the air as you start freefalling at over 120mph! Then imagine the peace and quiet as the canopy opens, the steering toggles come down either side of you and you begin a tranquil parachute descent from a mile up in the air, steering yourself back down to the centre of the drop zone below. Imagine being able to do this for FREE whilst harnessed to a professional freefall parachute instructor and at the same time being able to help a worthwhile charity! Stop imagining, it's real and it's happening all the time and you can be part of it...

What does the jump involve?

Technically the jump is called a 'Tandem Skydive'. It is a Skydive because you will be freefalling through the air (without the parachute deployed) for several thousand feet; it is in Tandem because you will be harnessed to a professional parachute instructor at all times throughout the descent (see front photo). This is the only way you can jump from such an altitude without spending thousands of pounds becoming a freefall parachutist. This is literally the chance of a lifetime!

This jump is also much less demanding than the traditional 'static line' jump as the jump and training are completed in one day and your instructor will be in control of your landing.

Points to remember:

- Jump and training completed in one day
- Harnessed to an experienced parachute instructor at all times
- Jump from at least 10,000 feet - just like the professionals
- Freefall down to 5,000 feet - falling through the air at 120 mph!
- Ride the parachute down to the ground - we teach you how to steer onto the drop zone
- Landing controlled by your instructor
- Certificate to prove that you have completed a 'two-mile high' Tandem Skydive!

What must I do to qualify for a free jump?

All you have to do is raise £395 (or more!) for Phyllis Tuckwell Hospice by asking your friends and colleagues to sponsor you, using our specially designed sponsorship forms which you will find at the back of this information pack. Please do not be put off by this amount - if you ask everybody you know to sponsor you, you will find you can quite easily raise the minimum £395 sponsorship and remember, every penny you raise over the minimum will be further contributing to Phyllis Tuckwell Hospice and giving **you** the chance to make an exhilarating freefall parachute jump for FREE!

What do I do next?

Read the pages entitled 'Important Information' and 'Paying Your Sponsorship Money' and then simply choose a date for your jump and complete the enclosed reservation form. After that all you have to do is make an exhilarating Tandem Skydive from 10,000 feet for FREE!

Experience the exhilaration of a 10,000ft Tandem Skydive!

Static Line Parachute Jump

What's involved?

Unlike a tandem jump you get to jump solo from up to 3,000 feet having had a full day's instruction from fully qualified instructors. What's more this is an ideal way to find out if you want to progress in the sport of parachuting and of course raise valuable funds for Phyllis Tuckwell Hospice at the same time...

What does the jump involve?

This jump is called a static line jump because from the moment you step into the aircraft you will be securely attached to a 'static line' which is designed to automatically open your parachute for you as you exit the aircraft. The jump is in two parts: On the first day you will undergo a minimum of six hours training on all aspects of the jump - the equipment used, how to exit the aircraft, how to check your canopy, reserve drills and most importantly how to control your landing. On the following day you will perform the jump solo from up to 3,000 feet using a modern square parachute canopy which you can steer. If the weather prevents you from jumping your training is valid for at least two months giving you plenty of time to return to the centre to complete your jump. Completion of this training course is the first step to becoming a fully qualified skydiver and all students receive a British Parachute Association approved certificate.

Static Line Jump: Points to remember:

- Thorough training on the first day for your jump on the following day
- Use a modern square canopy which allows you to steer!
- Jump solo from up to 3,000 feet closely supervised by professional parachute instructors
- Securely attached to a 'static line' designed to automatically open your parachute for you
- The first step to becoming a qualified skydiver if you use the latest square parachute design
- Official certificate to prove that you have completed a solo static line jump and training course

All you have to do to receive your static line jump for free is to raise a minimum of £360 for Phyllis Tuckwell Hospice. To book your static line jump simply read the enclosed pages entitled 'Important Information' and 'Paying Your Sponsorship Money' and complete the enclosed reservation form.

Accelerated Freefall – Solo Skydive!

What's involved?

If you're really adventurous why not take the first part of a professional skydivers course – also known as Accelerated Freefall (AFF Level 1 for short). You'll have a full day's ground training from two qualified instructors before you skydive solo from 10,000 feet – just like the real thing!!!

What does the jump involve?

Learning to skydive solo is a big challenge and you will start with a full day's training including practical and classroom sessions covering all areas of making a solo skydive from 10,000 feet! On the second day, once your instructors are satisfied that you are ready, you will climb aboard the aircraft to be taken to your jump altitude. Whilst you will skydive solo (ie with nobody attached to you) your two instructors will jump with you and be by your side until approximately 5,000 feet when you pull your parachute canopy. From that point you will steer your parachute on your own but will be guided to the dropzone by ground control who will talk you down all the way. All in all Accelerated Freefall is as close as you can get to the real thing!!

Any questions, call

0870 345 8000

SKYLINE
Professional Events Organisers

What do I do next...

AFF: Points to remember:

- Full training on the first day to cover all aspects of making a solo skydive on the following day
- Classroom and practical sessions prepare you for the experience of a lifetime
- Freefall from 10,000 feet with two instructors by your side
- Once your parachute is open you will be talked down by ground control
- The first level of a professional skydiver's course
- Official certificate to prove that you have completed Level 1 AFF!

To make your Accelerated Freefall Jump for free all you need to do is raise £535 for Phyllis Tuckwell Hospice which is fantastic value considering you are taking the first part of a professional skydiving qualification! To book your jump simply read the enclosed pages entitled 'Important Information' and 'Paying Your Sponsorship Money' and complete the enclosed reservation form in this pack.

Which jump should I choose?

It's completely up to you and as long as you raise the minimum sponsorship money you will get to jump for FREE! If you want to experience the exhilaration of 120mph freefall you should choose either a Tandem Skydive or AFF (choose a Tandem if you don't want to become a professional just yet!); if you want to jump solo with the option to progress in the sport you should choose a Static Line or AFF; if you simply want to experience the sport and jump solo then the Static Line jump will suit your needs.

The following table summarises the three types of jump you can choose from and indicates the principal differences between them:

	Tandem Skydive	Static Line	Accelerated Freefall
Minimum Sponsorship Level	£395	£360	£535
Jump Altitude	10,000ft	3,000ft	10,000ft
Duration	1 day	2 days	2 days
Jump solo or with instructor	With an instructor	Solo	Solo
BPA approved certificate	✓	✓	✓
Comments	Ideal if you want to experience 120mph freefall without having to do a day's training	For those who want to jump solo and also take the first step towards jumping regularly	First level of a professional skydivers course!

What do I do next?

Simply decide which type of jump you would like to do and read the following pages entitled 'Important Information' and 'Paying Your Sponsorship Money'. After that all you have to do is choose a date for your jump and complete the enclosed reservation form and then make a thrilling parachute jump in aid of Phyllis Tuckwell Hospice!

120mph freefall or the freedom of a solo jump – you decide!

Important Information

When can I jump?

We have organised a select number of dates for you to choose from, which are listed on the enclosed reservation form. If you are unable to jump on any of these dates please contact us on the number below to discuss the possibility of jumping on alternative dates.

Where is the airfield?

There are over twenty British Parachute Association approved centres across the UK – please see the enclosed map for their location and which jumps they offer. Once we have received your reservation form we will do our best to place you at your nearest centre but if this is not possible we will contact you to discuss the alternatives.

Are there any restrictions on age or health?

	Tandem Skydive	Static Line	AFF
Age	16 and over	16 to 55 inclusive	16 to 55 inclusive
Weight	Under 15 stone	Under 15 stone	Under 15 stone

Please note for all jumps your weight should be roughly in proportion to your height and some centres have lower weight limits - please contact us for details. The principal medical restrictions for all jumps are diabetes, epilepsy, fits, recurrent blackouts, heart or lung disease, mental illness and some cases of asthma. You will be required to sign a medical form before your jump declaring your fitness to take part - this will be sent to you upon receipt of your reservation form but is also available on request. Those under the age of 18 will need the medical form signed by a parent or guardian; those aged 40 and over, or those with a medical condition, will need it signed by their doctor.

Pre-existing physical conditions will not necessarily prevent you from taking part but please do inform us of any physical conditions as this may affect the location of your jump; if you are in any doubt then please contact us for further information.

What about insurance?

You will automatically be covered for up to £2,000,000 third party insurance but this will not cover you for personal injury. Should you wish to take out cover for personal injury you should either arrange this through your own broker or you can contact us on the number below and we will send you a Personal Insurance Form.

How do I book my place for a FREE jump?

Simply complete the enclosed reservation form and send it to us as soon as possible and certainly no later than the latest booking date indicated on the form. Please note you must also provide a £70 booking deposit made payable to 'Skyline' which can be taken out of your minimum sponsorship money.

Paying your sponsorship money

You have four weeks from the date of your jump before your money to charity is due. Full details of our sponsorship payment system are included on the following page entitled 'Paying Your Sponsorship Money'.

Finally

We sincerely hope that you decide to give it a go - it has often been described as a thrilling 'once in a lifetime' experience and is an excellent way in which to raise funds for such a worthwhile cause. There will be lots of other people trying parachuting for the very first time on the day, so you are welcome to bring along your friends and family so they can watch you on a day you will simply never forget: The day you perform an exhilarating skydive or parachute jump in aid of Phyllis Tuckwell Hospice.

Choose your jump and fill in the Reservation Form NOW!

PAYING YOUR SPONSORSHIP MONEY

The following sponsorship system makes it easy for you to take part and ensures that you do not have to pay all of your sponsorship money in advance. At all airfields you must pay for your jump and training on the day but your money to charity is not due until four weeks after you have completed your jump. Remember, as long as you raise the minimum sponsorship level for your jump (£395 for a tandem, £360 for a static line and £535 for AFF) you can recover both the cost of the booking deposit and the jump from your sponsorship money - which means you get to jump for FREE!

BOOKING DEPOSIT

Whichever airfield you jump at you must provide the standard £70 booking deposit which must be sent in advance but can be taken out of the minimum sponsorship that you raise.

TANDEM SKYDIVE

Payment for your jump will be required on the day which will be approximately £195. You must also provide the remaining sponsorship money due to the charity but this can be postdated by up to four weeks. Please note that any personal cheques must be supported by a valid cheque guarantee card. This postdated method of payment makes it as easy as possible for you, allowing you plenty of time to collect your sponsorship money after the jump before it is due to the charity.

STATIC LINE and AFF (Accelerated Freefall)

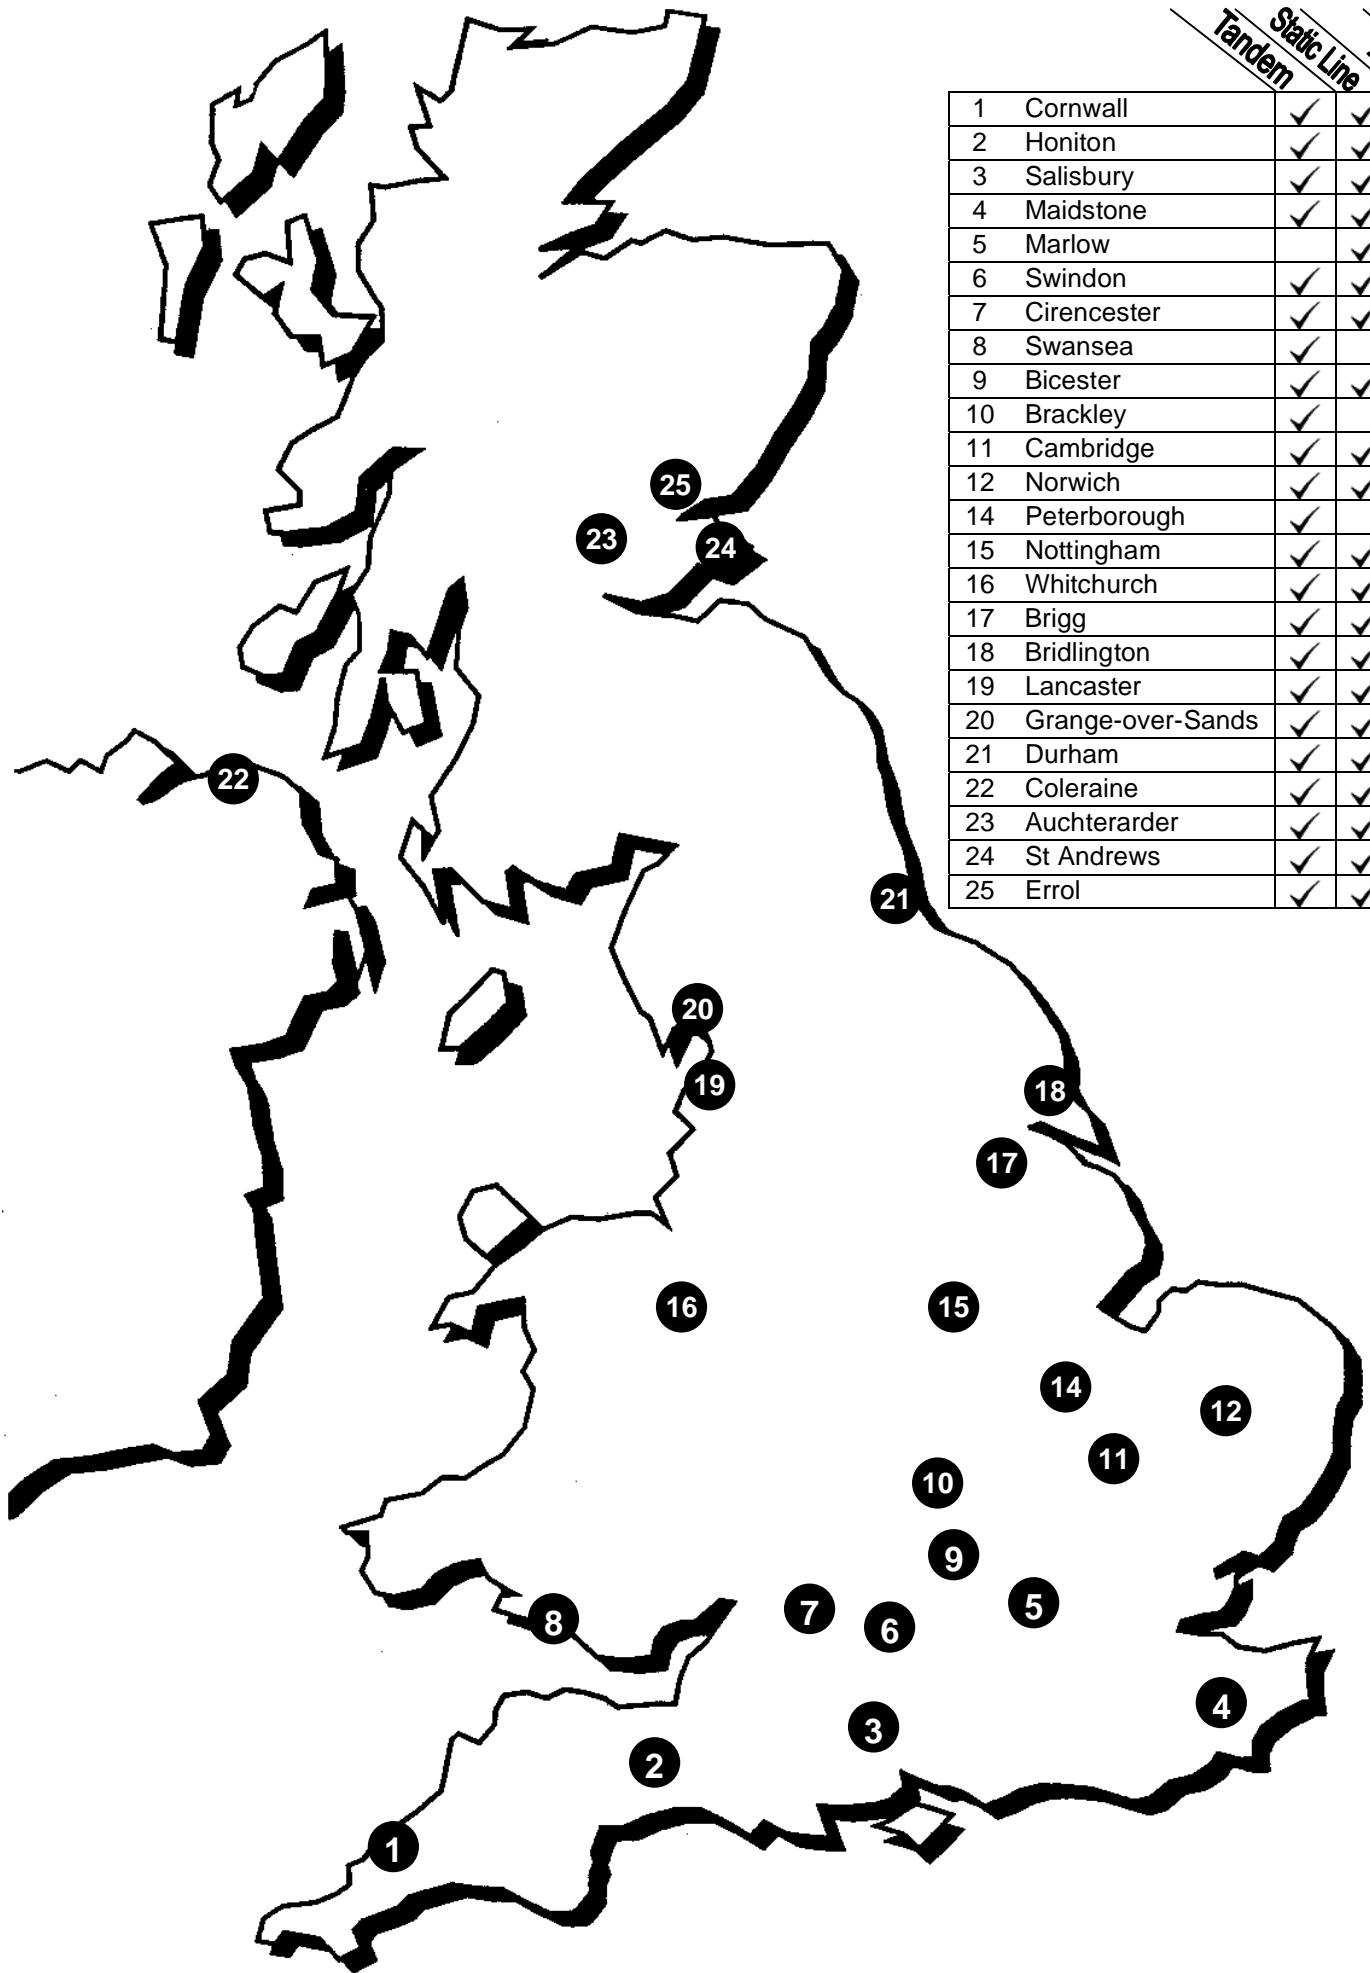

All airfields require payment on the day of your training which will be approximately £160 for a static line jump and £320 for an AFF. You must also provide the remaining sponsorship money due to the charity on the day of training but this can be postdated by up to four weeks. Please note that the payment to the airfield is for your training and is totally non-refundable even if you do not jump for whatever reason. However your money to the charity will only fall due four weeks after you have actually completed your jump – any personal cheques for postdated sponsorship money must be supported by a valid cheque guarantee card. This postdated method of payment makes it as easy as possible for you, allowing you plenty of time to collect your sponsorship money after the jump before it is due to the charity.

Precise instructions on how to operate the above payment system (including how much to pay the airfield on the day and how much sponsorship money is due to the charity) will be sent to you upon receipt of your reservation form and booking deposit.

NOTE

All jumps require you to send in your reservation form and booking deposit before we can start organising your jump for you - please do this as soon as possible so that we can give you the date of your choice and so that you can start preparing yourself for what has often been described as 'the experience of a lifetime'!
